*Real Work for Real Pay*

## BACI's Employment and Supported Training

Effective personalized service that focuses on meeting employers' business needs through positive and innovative employment solutions.

## Our Services

- We **screen** for potential job applicants
- We **match** job-specific skills with your business needs
- We provide **assistance** in **training**
- We offer **on-going support** and **training** as needed

## Our Success

*Includes local theatres, grocery stores, coffee shops, restaurants, florists, woodshops, and yard maintenance business*

Businesses are seeking workers who can help them prosper and increase their return.

**Diversity** in your workplace increases your customer base.

The people who we support have the skills and work ethic **to bring real, long-term value to your workplace.**

We can connect you with these potential employees – and support your business toward meeting its business and community goals

With knowledge and professionalism, we provide assistance and training at no cost to you

## New Employment Approaches Can help build your Company's Future

- People with disabilities often have the **same or better productivity levels** than employees without disabilities
- People with disabilities have markedly **lower absenteeism** and **lower turnover rate** their people in the overall population
- Researches of four national studies show that workers with disabilities are **more aware of safety issues** at work
- People with disabilities are potential employees, business partners and customers with talents to contribute and money to spend
- A Canadian survey of private sector employers reported that no workplace accommodation was required. 37% of cases where accommodation was required, employers reported a one-time cost of \$500 on average
- Nearly 800,000 people with disabilities in Canada are capable to work
